Summary

I am a BCA student at Techno India Hooghly campus a collage
under MAKAUT,W.B. Due to graduate in the coming years, I am
eager to secure challenging roles in COMPUTER APPLICATION.In
the second year of my degree I undertook a 3-month internship at
an cognizance a annual fest in IIT RORKEEE and aslo work with
the team under the guidance of bharat jain. I was delighted to be
presented with the opportunity to utilise the skills gained during my
internship to solve problems in the digital world. During the internship
of this campus ambassador, I played a key role in advertising the
event and the courses by the top companies a like IBM . This great
part has since led to a help the people about the latest trends of
digital world .My studies have provided me with broad proficiency in
the use of computer science methods, tools, software packages and
techniques. Alongside this, I have developed good communication
skills while delivering presentations to large audiences at this event
and also my collage. As such, I am confident that I can make an
instant impact in engineering roles and responsibility. I am eager to
hear about potential career opportunities, so I would be pleased to
chat about job openings in the engineering sphere.
